

Model		Status	Calibration	Repair	Recommended alternative
UFX-EbNo SNR	Noise Generator	OBS	Available	Y	CNG-EbNo
UFX7000	Noise Generator	OBS	Available	Y	UFX7000B
DSG9000	HD Radio Series	OBS	N/A	N	
Merlin	CATV Tester	OBS	N/A	N	
PNG7000	Analog AWGN Noise Generator	OBS	Available	Y	
GPS7500	Noise and Interference Generator	OBS	Available	Y	
DNG7500	Digital Noise Generator	OBS	Available	Y	
UFX7000A	AWGN Programmable Noise Generator	LIM	Available	Y	UFX7000B
JV9000	Vcc Noise Generator	EOL	Available	Y	UFX7000B
NC346 Waveguide	Waveguide Calibrated Noise Source	EOL	Available	Y	NC5000A
NC5115-60G	60 GHz Noise Figure Test Set	EOL	Available	Y	NC5000A, NC346
NC500	BITE Modules	LA	N/A	N/A	

Terminology:

Limited Availability (LA) – This terminology signifies that a product is approaching EOL. It can still be purchased, but quantities available are limited.

End of Life (EOL) / Discontinued – This terminology signifies that a product can no longer be purchased. Once a model has been designated EOL, Noisecom expects to provide service and repair for seven (7) years. Beyond this period, it is a "best-effort" basis only.

Obsolete (OBS) – The product can no longer be serviced, or it is a "best-effort" basis only. In some cases, calibration may still be available.

NOTE: To determine availability of manuals and/or software for the products above, please contact info@noisecom.com
